The company Beudservices has been assisting abnormal transport in France since 2007. Its subsidiary BS Quest was created following a Franco-German partnership in 2013, in order to open up to the European market.

### OUR FIELDS OF ACTIVITY

Route survey: From simple reconnaissance to the most technical, with specific means (transport simulation...).

Authorisations: Obtaining permits in France and Europe.

Organisations: Road improvements (road signs, dismantling of signs, parking bans, etc.), security for sensitive transport, traffic warnings, agreements with Police, etc.

Operational: a fleet of Pilot Cars and Guided Motorcycles for France, and a network of trusted partners for Europe.

Sales of «Convoi Exceptionnel» equipment in compliance with the law in force (Panels, Cat 1 and 2 network maps, etc.).

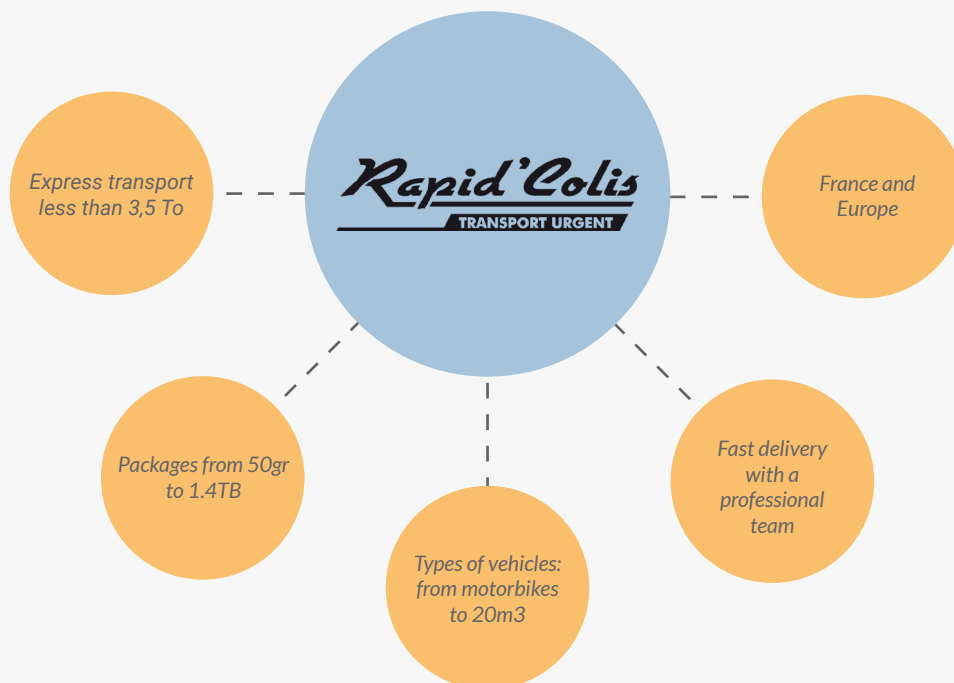

Posting of workers : if you are sending employees to France - declarations SIPSI, fiscal representation and supervision.

## A FEW FIGURES

- 40 Geolocalised Vehicles, including 25 Pilot Cars and 10 Motorbikes.
- More than 350 permits per year.
- 4500 escorts per year.

## URGENT TRANSPORT

## OUR COMMITMENTS

Particularly committed to customer satisfaction, we strive to bring them responsiveness, reliability, flexibility and competitiveness on a daily basis.

In a tense economic climate, we provide services at reasonable costs. We offer adapted and personalised solutions to our clients and their business sector.

We remain available to meet with you and explore possible partnerships.
